Detailer pay path

Assigned job → commission when payroll confirms.

Stories

As a detailer

I want Bookings + Attendance + My Tasks + My Pay

So that I work jobs I am assigned and see posted commission

- ☒ Opens Bookings first
- ☒ Dock: Bookings, Attendance, Tasks
- ☒ Commission follows assignment on booking and walk-in
- ☒ Not in the wash pool

As a detailer

I want commission only when I am the assigned person on a paid job

So that walk-in and booking paths pay the same way

- ☒ Missing assignee blocks payroll confirm
- ☒ Shirt / card adjustments happen before the split
- ☒ My Pay shows posted commission — not estimates
