Stories

As Operations Lead

I want Ops Lab as home and network-wide floor help

So that I cover Team Lead and Branch Admin work across branches without owning payroll

- ☒ Opens Ops Lab roadmap
- ☒ Can use queue and POS across branches
- ☒ Can see attendance register but cannot floor-clock
- ☒ Has My Pay; no payroll register
- ☒ No People or Data Center

As Operations Lead

I want detailing compensation that follows the same rules everywhere

So that coating and other detailing stay fair across branches

- ☒ Paid detailing drafts commission notes the same way at every bay
- ☒ Assigned detailer path is service-agnostic
- ☒ Cannot confirm company payroll
