

Role — Sales

Detailing bookings across all branches — not the wash queue.

Role — Sales

Opens first: Detailing bookings · **Main job:** Pipeline across branches

Sales detailing path

Book → assign detailer → payment.

Stories

As Sales

I want home on detailing bookings for all branches

So that I do not land on the wash queue

- ☒ Opens Bookings first
- ☒ All-branch pipeline access
- ☒ Cannot open POS or Finance

As Sales

I want to assign a detailer and move jobs to payment

So that coating and multi-day work stay off the wash queue

- ☒ Statuses from assigned through completed
- ☒ Assigning a detailer drives commission later
- ☒ Visit history where allowed; no Failed QA mark (Team Lead does that)
