

Other tools — People, Planner, CRM, messages, settings

Company tools beyond the bay money path.

Other tools — People, Planner, CRM, messages, settings

Planner proof loop

Assign → proof → accept or send back.

Ops Lab, Data Center, Console, Branches

Leadership and network tools outside the bay checkout.

As Operations Lead

I want Ops Lab roadmap as my planning home

So that network work is visible without owning payroll

☒ Ops Lab opens first for Ops Lead

☒ Roadmap for cross-branch ops

As Owner

I want Data Center for company data tools

So that exports and admin data stay owner-only

☒ Data Center is Super Admin scoped

☒ Branch Admin and Ops Lead cannot open it

As Owner or assistant with console grant

I want Admin Console and Floor Board

So that company overview stays in one place

☒ Console home for Owner and Assistant

☒ Floor Board when allowed

As Owner

I want to manage branches

So that each bay stays correctly named and active

☒ Branches manage under owner tools

People

As Owner or assistant with people rights

I want to hire and edit staff

So that roles, branches, and clock toggles match the floor

- ☒ People directory and edit form
- ☒ Temporary password when needed
- ☒ Assistant grants editor

As Branch Admin

I want never to open People

So that hiring stays with owner / assistant

- ☒ People is denied for Branch Admin

Planner & My Tasks

As Branch Admin, Sales, or Ops Lead

I want plan cards with categories and assignees

So that shop work is tracked outside the wash queue

☒ Boards for Planner / Equipment / Cash Advance

☒ Staff see assigned rows only

As an assignee

I want to submit photo proof when required

So that editors accept or send back

☒ Proof optional unless required

☒ Accept → done; send back → in progress

CRM, inventory, cars

As Owner, assistant, or Marketing

I want customer records with notes

So that floor and sales share one customer list

- ☒ CRM gated by permission
- ☒ Best sellers and retention in the filter window

As Owner or Team Lead

I want Services, Detailing, and Merch on Inventory

So that bay and multi-day catalogs stay separate

- ☒ Inventory mirrors what checkout sells
- ☒ Cars catalog for plate/vehicle consistency

Messages, reviews, inquiries

As Sales, Marketing, or Owner/assistant

I want one notifications hub

So that booking and planner messages land in one place

☒ Route gated by permission

☒ Templates and SMS toggles covered

As Owner or assistant

I want partnership, contact, and complaints statuses

So that public forms progress to archived

☒ Status actions match allowed values

As Team Lead / Owner / assistant

I want to mark Failed QA and see scores

So that quality stays visible

☒ Team Lead / Owner / assistant can mark Failed QA; Sales cannot

KPI, History, Memberships, Settings, Audit, Content

Every leftover Command surface.

As Sales, Marketing, Team Lead, or Branch Admin

I want visit history

So that I can look up past visits

☒ History in nav / dock where allowed

As Team Lead

I want branch KPI board

So that bay volume is visible without Finance P&L

☒ KPI in Team Lead more menu

As Owner

I want memberships & loyalty switches

So that stamps / points / tiers stay kill-switchable

☒ Branch Admin denied by default

As Owner / assistant

I want Settings hub with thin modules

So that POS config and Payroll rules stay separate

☒ Payroll rules under settings/payroll

As Branch Admin or Owner

I want audit log

So that POS / sale actions are reviewable

☒ Audit allowed for Branch Admin

As Marketing or Owner/assistant

I want site content and broadcast

So that public site blocks and blasts stay role-gated

☒ Content and broadcast under the right permissions
